

Privacy Policy for the TOEIC IP TEST in UoA

The handling of personal information required for the TOEIC IP TEST in UoA is as follows.

Handling of Personal Information to be Obtained	The following information of students taking the TOEIC IP TEST will be used: <u>name, student ID number, date of birth, gender, and UoA email address</u> . After the TOEIC IP TEST is conducted, the test results will be obtained from the Institute for International Business Communication.
Purposes of Use	The list of participants for the TOEIC IP TEST, assignment of examination numbers, management of test results, communication with the individuals, and sending of test results will be used for the purpose of managing the TOEIC IP TEST. Additionally, the results will be used to support English learning within the university. Personal information will not be disclosed in a way that allows individuals to be identified.
Providing Information to the Institute of International Business Communication	In order to conduct the TOEIC IP TEST, the aforementioned information will be provided to the organizing association.

Please apply for the test only if you agree to the handling of your personal information as described above.
