

**Application Guideline of AY2020 Alternative Program of DNA Internship Program
(Business in China Training Program)**

UoA provides the following alternative program instead of AY2020 DNA Internship Program (the program which is experienced internship for off-shore development and learned ICT business in China and management strategies) for cancelation of the programs due to COVID-19.

1 Program Name “Alternative Program of AY2020 DNA Internship Program” (7 days)

2 Purpose

- To learn about the remarkable ICT business situation in China and the reality of offshore development to Japan, and to learn about the rapidly changing market.
- Learn Global strategies and businesses of Japanese company through visiting ALPS ALPINE..
- Learn Chinese culture through exchange activities with Chinese students.
- Through the presentation in Silicon Valley, students will receive criticism from engineers around the world and develop their business development skills further.
