

Research & Development of Robotics and Global academic-industry Collaboration in the University of Aizu ~Reconstruction and Revitalization of Fukushima~

[Date & Time] **March 18** (Wed), 2020 10:30~15:00 (ICT)

[Venue] Novotel Bangkok Ploenchit Sukhumvit (Bangkok, Thailand)

[Keynote Speech]
**The University of
Aizu's Contribution
to Fukushima
Robot Test Field**

TOSHIRO, Kazuyuki
(Vice-secretary General of Revitalization
Center, The University of Aizu)

TOSHIRO has been working at Fukushima prefectural office since 1997 and was appointed to his current position in 2018. He works on Fukushima revitalization through ICT industry, and provides support for university-business cooperation as a vice-secretary general of University-Business Innovation Center. The University of Aizu Robot Test Field Research Center was established in September, 2019. This keynote speech will introduce the technical achievements on robotics and contribution to Fukushima reconstruction and revitalization.

[Keynote Speech]
**Report of Top Global
University Projects in
The University of Aizu**

TEI, Shigaku
(Vice Chairperson of the Board of Executives,
Vice President of the University of Aizu
Dean of the Graduate School of University of Aizu
Director of Center for Globalization)

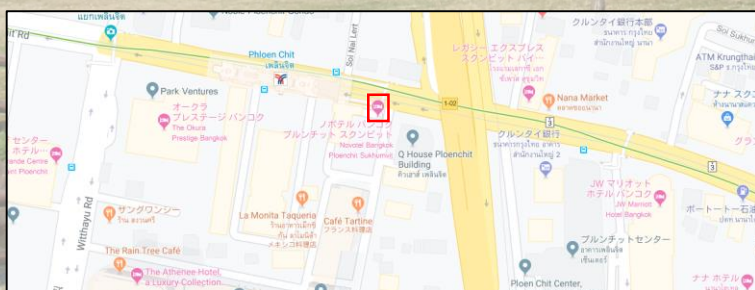

TEI joined the University of Aizu (UoA) in 1993 and became a full Professor in 2002. He has held several positions in UoA including Director of University-Business Innovation Center, Head of Division of Computer Engineering, Director of the Graduate School, Vice President, and Director of Center for Globalization. TEI was impressed by the culture of Aizu especially the spirit of the "Aizu Clan School Nisshinkan". The spirit has been successfully implemented into UoA's education and our internship programs in Silicon Valley, Shenzhen and Dalian in China. Recently, he has been actively working on design thinking to foster venture spirit of students and global human resources.
